ABOUT ME

Dynamic Full Stack Developer with hands-on experience in crafting responsive user interfaces and optimizing application performance. Proficient in JavaScript, React, and Next.js, effectively enhancing user experience through strategic API integrations. Demonstrated ability to analyse user feedback for impactful design changes and skilled in SQL query construction to extract valuable insights from data. Committed to delivering high-quality solutions that meet user needs and drive functionality.

WORK EXPERIENCE

TALANT CUBICLE

Full Stack Developer Intern ———————— MAY 2025- JULY 2025

- Developed responsive user interfaces using ReactJS and NextJs for enhanced user experience.

- Analyzed user feedback to implement design changes that met customer requirements.

- Integrated third-party services into applications through JSON APIs, improving functionality.

- Constructed SQL queries across multiple tables in Supabase, Appwrite databases to extract insights.

- Optimized application performance by reducing response times and minimizing memory usage.

SKILLS
